Specialist furniture makers

# ijlbrown

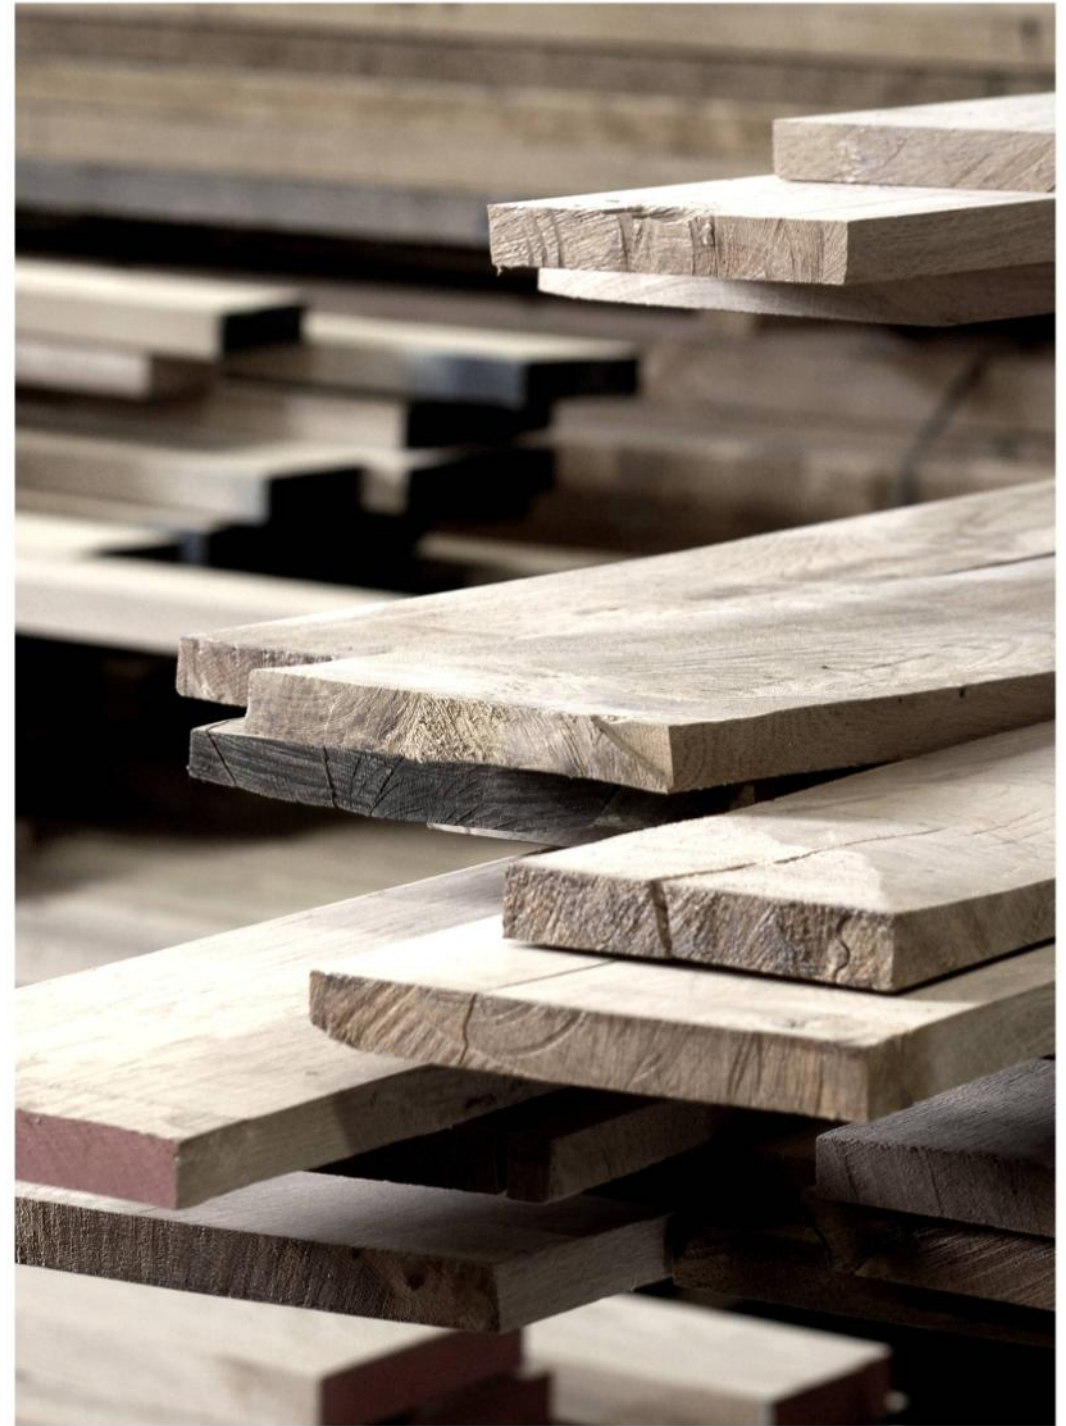

COMMERCIAL

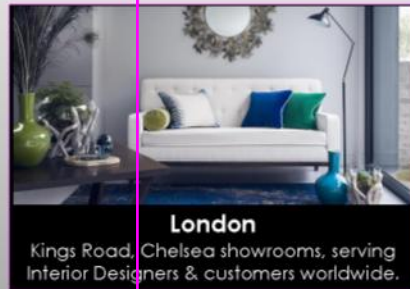

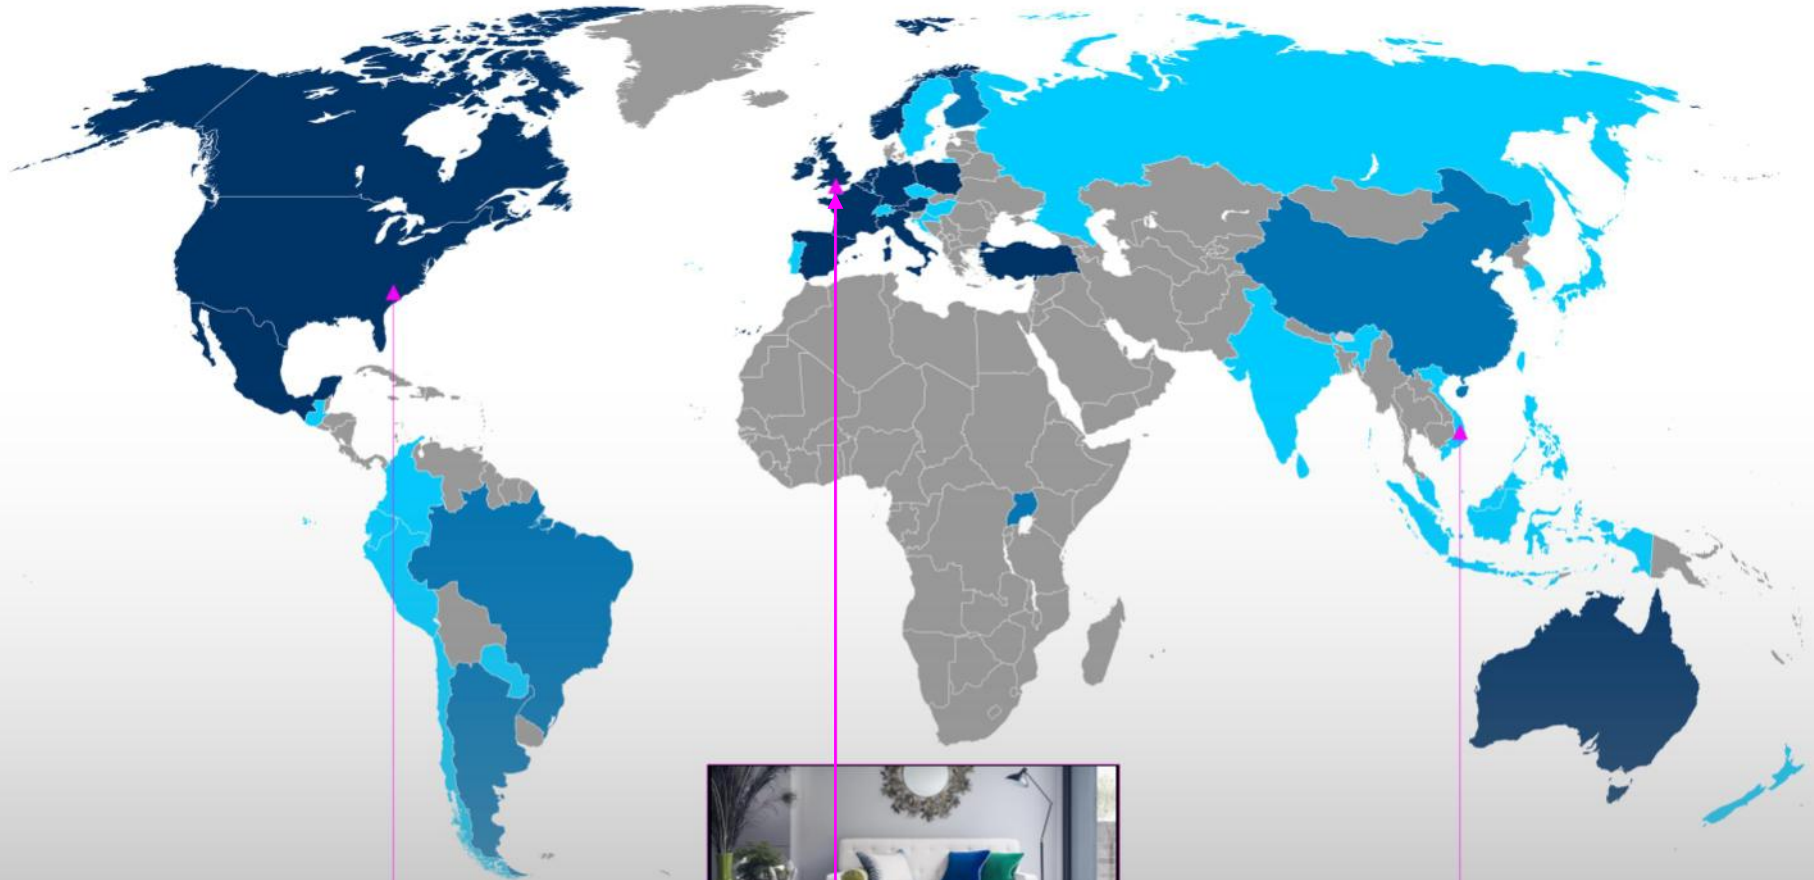

Family run for over 40 years, the company extends traditional family values to its customers, developing a very close working relationship. We have the vision and in-house resources to ensure the realisation of customer aspirations no matter how demanding.

We deliver a diversity of projects that continue to enhance an enviable international reputation for quality and customer satisfaction.

How we achieve and maintain our self imposed standards is simple - we make our furniture in our own workshops in Herefordshire and Asia, exercising full quality control and personally managing every stage of the project, regardless of size.

Our experienced and knowledgeable craftsmen understand the importance of construction stability and durability yet exercise a keen aesthetic awareness, evident in the variety and quality of finishes they create.

Herefordshire, home and inspiration for craftsmen with an appreciation of natural beauty and the quality of local resources.

Hand made in our Herefordshire workshops

Traditional skills, developed over forty years' experience, are employed in the creation of I & JL Brown's bespoke furniture.

Craftsmen continue to develop their extensive range of colouring and finishing techniques which can transform traditional to contemporary.

## CONCEPT TO REALITY

The importance of discussion through every stage is paramount; from initial customer concepts, aspects of scale, materials and finish, through CAD and

final drawings to prototype production. We work in close collaboration with designers to achieve completion to specification, deadline and budget.

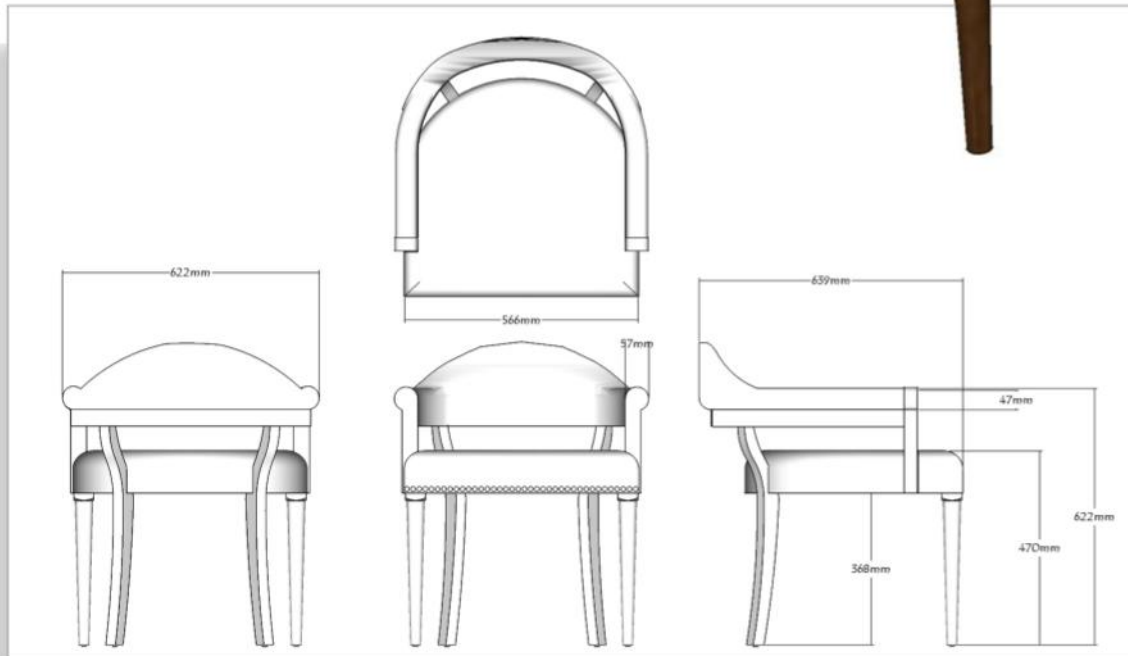

# ijlbrown

COMMERCIAL

## CONCEPT TO REALITY

From designer's sketch to CAD and final plans. Decisions on studding or piping, leather or fabric can all take place during the design process up to prototype stage.

The latest technology backed with experience and knowledge of furniture making facilitate the path towards total customer satisfaction.

COMMERCIAL

## TIMBER

We work primarily in English hardwoods including Oak, Beech, Cherry, Walnut and Ash. The quality and stability of our timber is crucial to the finished quality and longevity of each item of furniture we produce.

Pippy Oak with its decorative 'cat's paw' grain pattern

Carefully selected timbers are laid in our workshops, to allow grain configuration to settle to maximise strength and decorative quality.

Precision through every stage

COLOUR  
& FINISH

Options of colour are no longer restricted to shades of brown. Our craftsmen continue to develop a wide range of specialist colours and fin-

ishes, from polished hardwoods to painted and limed contemporary options. Degrees of distressing, painted rub through techniques, veneers and inlaying offer extensive finish options.

## MATERIALS

Our craftsmen work not only in timber but a host of materials with differing physical qualities offering designers a wealth of options in colour, texture and tactility in the creation of something very special.

From intricately grained veneers, iron and gilt metals to decorative mirror and glass table tops, our portfolio comprises a wide selection of quality traditional & contemporary materials.
